1. NATURE AND CONTINUANCE OF OPERATIONS

Rift Valley Resources Corp. (the "Company" or "Rift Valley") was incorporated under the Laws of the Province of British Columbia on December 14, 2009. On March 20, 2013, Rift Valley amalgamated with Avatar Ocean Technology Inc. ("Avatar"), a reporting issuer and continues under the name Rift Valley Resources Corp. (the "Company" or "Rift Valley") (see Note 2(b)). The address of the Company's corporate office and its principal place of business is 6511 Housman Place, Richmond, British Columbia, Canada. The Company's shares were listed on the Canadian Securities Exchange on August 27, 2013.

The Company began operations on September 19, 2011 and its principal business activity was the acquisition, exploration and development of mineral properties in British Columbia, Canada. The Company impaired its mineral property during the year ended December 31, 2015. As of June 30, 2017 the Company's principal business activity was the evaluation of a wireless service business and other business opportunities.

On April 13, 2017, the Company completed a share consolidation on the basis of five pre-consolidation common shares for each post consolidation common share. As a result, all share amounts presented in these financial statements have been retroactively restated.

The Company has never generated revenue or positive cash flows from operations. For the six months ended June 30, 2017, the Company reported a net loss of $91,801, negative cash flow from operating activities of $250,360 and an accumulated deficit of $1,768,681. This raises significant doubt about the Company's ability to continue as a going concern. The Company's ability to continue its operations as intended are dependent on its ability to obtain necessary financing and raise capital sufficient to cover its exploration and operating costs.

These condensed financial statements ("financial statements") do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in these financial statements.

2. BASIS OF PRESENTATION

a) Statement of compliance

These financial statements are prepared in compliance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34"). Accordingly, certain information and footnote disclosure normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), have been omitted or condensed. These financial statements should be read in conjunction with the Company's financial statements for the year ended December 31, 2016.

These financial statements were reviewed by the Audit Committee and approved and authorized for issue by the Board of Directors on August 29, 2017.

b) Measurement basis

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value, as explained in the accounting policies set out in Note 3 paragraphs (m) and (n) to the Company's financial statements for the year ended December 31, 2016. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The functional and presentation currency of the Company is the Canadian dollar.

(Expressed in Canadian Dollars) (Unaudited)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The policies applied in these unaudited condensed interim financial statements are based on IFRS issued and outstanding as of May 29, 2017, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim financial statements as compared with the most recent annual financial statements as at and for the year ended December 31, 2016. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending December 31, 2017 could result in restatement of these unaudited condensed interim consolidated financial statements.

4. DEPOSITS

	$	$
Mineral property security deposits	20,301	20,301
	20,301	20,301

5. RELATED PARTY TRANSACTIONS AND BALANCES

During the six month period ended June 30, 2017, the Company incurred the following related party transactions:

(a) The Company has identified its directors and senior officers as its key management personnel. No post-employment benefits, other long-terms benefits and termination benefits were made during the periods ended June 30, 2017 and December 31, 2016.

(b) The Company incurred consulting fees to officers and directors in the amount of $18,500 (2016 - $nil).

As at June 30, 2017, included in accounts payable is $1,247 (2016 – $nil) due to an officer and director of the Company.

6. SHARE CAPITAL

(a) Authorized Share Capital

The Company is authorized to issue unlimited number of common shares without par value.

(b) Issued and Outstanding Common Shares

	Number of Common Shares	Amount
		$
Balance, December 31, 2016	4,918,330	1,609,382
Issued for cash at $0.05 per share	8,220,000	411,000
Share issue costs	–	(11,000)
Balance, June 30, 2017	13,138,330	2,009,382

On May 30, 2017, the Company issued 8,220,000 common shares for total proceeds of $411,000.

During the six month period ended June 30, 2017, the Company incurred share issue costs of $11,000 (2016 – nil).

(Expressed in Canadian Dollars) (Unaudited)

6. SHARE CAPITAL (continued)

(c) Stock Options

As at June 30, 2017 and December 31, 2016, the Company had not issued any stock options.

(d) Warrants

Warrant transactions and the number of warrants outstanding are summarized as follows:

	Number of Warrants	Weighted Average Exercise price
Outstanding, December 31, 2016	780,000	$0.25
Expired during the period	780,000	–
Outstanding, June 30, 2017	–	$0.25

As at June 30, 2017 there were no warrants outstanding.

(e) Shares held in escrow

As at June 30, 2017 there were no shares held in escrow (2016 – 358,470 common shares held in escrow).

7. CONTRIBUTED SURPLUS

On March 13, 2013, the founders contributed an additional $37,000 to increase the cash paid for 2,466,667 of the 1,500,000 common seed shares issued on September 20, 2011 from $0.005 to $0.02 per share. The contribution has been recorded as contributed surplus.

8. INCOME TAXES

Future tax benefits which may arise as a result of these non-capital losses and other income tax pools have not been recognized in these financial statements and have been offset by a valuation allowance.

No deferred income tax asset has been recognized because the amount of future taxable profit that will be available to realize such assets is unpredictable. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. The amount of deferred income tax asset considered realizable could change materially in the near term based on future taxable income during the carry forward period.

(Expressed in Canadian Dollars) (Unaudited)

9. MANAGEMENT OF CAPITAL

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern (see Note 1). The Company does not have any externally imposed capital requirements to which it is subject.

As at June 30, 2017, the Company had capital resources consisting of all components of shareholders' equity. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue common shares.

10. FINANCIAL INSTRUMENTS

Fair values

The Company's financial instruments include cash and accounts payable. The carrying amounts of these financial instruments are a reasonable estimate of their fair values because of their current nature. The fair value of these financial instruments approximates their carrying value because of the current nature.

The following table summarizes the carrying values of the Company's financial instruments:

	June 30, 2017	December 31, 2016
	$	$
FVTPL (i)	143,564	1,924
Other financial liabilities (ii)	10,862	32,782

(i) Cash
(ii) Accounts payable

The Company classifies its fair value measurements in accordance with the three level fair value hierarchy as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities
Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices), and
Level 3 – Inputs that are not based on observable market data

The following table sets forth the Company's financial assets measured at fair value on a recurring basis by level within the fair value hierarchy as follows:

	Level 1	Level 2	Level 3	Total
	$	$	$	$
As at June 30, 2016:				
Cash	143,564	–	–	143,564
As at December 31, 2015:				
Cash	1,924	–	–	1,924

10. FINANCIAL INSTRUMENTS (continued)

Financial risk management objectives and policies

The Company's financial instruments include cash and accounts payable. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) *Currency risk*
The Company's expenses are denominated in Canadian dollars. The Company's corporate office is based in Canada and current exposure to exchange rate fluctuations is minimal.

(ii) *Interest rate risk*
The Company is exposed to interest rate risk on the variable rate of interest earned on bank deposits. The fair value interest rate risk on bank deposits is insignificant as the deposits are short-term. The Company has not entered into any derivative instruments to manage interest rate fluctuations.

(iii) *Credit risk*
Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations. Financial instruments that potentially subject the Company to concentrations of credit risks consist principally of cash. To minimize the credit risk on cash the Company places the instrument with financial institution.

(iv) *Liquidity risk*
In the management of liquidity risk of the Company, the Company maintains a balance between continuity of funding and exploration activity. Management closely monitors the liquidity position and expects to have adequate sources of funding to finance the Company's projects and operations.

11. COMMITMENTS

(a) On March 22, 2017, the Company entered into a non-binding letter of intent to acquire 100% of the issued and outstanding common shares of Metrolink Solutions Inc. in exchange for 58,109,592 common shares of the Company. The shares will be issued over three years as follows:

	Number of common shares
Upon signing	3,486,576
First year anniversary	8,135,343
Second year anniversary	17,432,877
Third year anniversary	29,054,796
Total	58,109,592

(b) On June 12, 2017, the Company executed a consulting agreement with the CEO. The agreement provides for a consulting fee of $3,500 per month for a fixed five (5) year period, commencing June 12, 2017.

12. SUBSEQUENT EVENTS

On July 13, 2017, the Company authorized and approved the creation and issuance of up to 4,000,000 common shares at a price of $0.075 per share. To date, the Company has received subscription proceeds of $18,000.
